Replace Your Old and Drafty Windows and Increase the Value of Your House

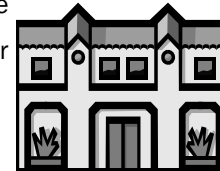

KEL-EEZ® Vinyl Storm Windows

If you have single glazed double hung windows and would like dual sashes in your home, you can transform your drafty windows into thermally efficient windows by adding **KEL-EEZ Weather Protector™** Custom Vinyl Storm Windows.

The solid vinyl will provide beauty and performance with a minimum of maintenance. Vinyl never needs painting, the color is molded solid, vinyl will not flake, chip or rot like wood. Vinyl in the presence of salt, will not corrode and vinyl is about 1000X's more thermally efficient than aluminum.

- Available in White, Beige or Brown.
- Lifetime Limited Warranty on all windows.
- Winterize your home and enjoy the insulating benefits of dual sash windows. Summarize your home and experience the cooling benefits of tinted glass as less heat is transferred into your home lowering the household temperature and saving on your air-conditioning bill.

KEL-EEZ® Custom Bay and Bow Windows

KEL-EEZ Weather Protector™ Bay and Bow Window is perfect for that special room, adding individuality and spaciousness to any home. This window can easily replace existing older windows and will improve the look and increase the value of your home. The multi-chambered window creates an insulating air space that increases thermal efficiency. Each Bay and Bow Window is custom manufactured and factory assembled to fit your home.

- Bay and Bow Windows can be made in 3, 4 or 5 Sections with a combination of Picture, Casement or Double Hung Windows and Internal Colonial or Diamond Grids.
- Operating Casement Windows come with full screen.
- Optional Tinted Glass or Low E Glass with Argon Gas.
- Twelve foot maximum width.

OUR PRICES ARE VERY COMPETITIVE

KEL-EEZ Weather Protector™ Custom Vinyl Windows

Welcome to KEL-EEZ® Custom Windows. We are a company that specialize in Fabricating 7/8" Insert, Dual Glazed Vinyl Thermobarriers™ in White, Beige and Brown for Double Hung, Slider, Casement, Storm, Picture, Bay and Bow Windows for the Replacement and New Home Market.

KEL-EEZ® Custom Windows has a state of the art fabrication facility located in Akron Ohio

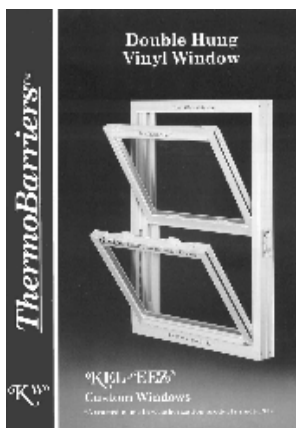

that custom manufactures windows to your exact needs. All windows are sealed and tested for leaks before leaving the manufacturing facility. If you are replacing the windows in your home consider **KEL-EEZ Weather Protector™** Custom Vinyl Windows for your next Project.

Heat Loss in BTU'S/ Hour	
Aluminum	1416.0
Steel	312
Glass	3.6
Vinyl	1.3
Wood	1.2

DOUBLE HUNG WINDOWS

- **KEL-EEZ Weather Protector™** Double Hung Window tilts in by design. This permits safe and easy cleaning from indoors.
- Special Dual Durometer Glazing provides a continuous, non shrinking seal around the glass.
- The Double Hung Window comes with 7/8" Insert, Dual Glazed Insulated glass and Tinted Glass or Low E glass with Argon Gas as an option.

- All Double Hung Windows are custom made to your requirements and each window is tested for air leaks before leaving the factory.
- The Double Hung Window is available for replacement or new home construction.
- The Double Hung is maintenance free and is manufactured from high impact solid color, rigid vinyl extrusions with multi-chambered insulating air space designs for strength and dimensional stability.
- The Double Hung Window has a lifetime Limited Warranty on all Vinyl Parts.

SLIDER WINDOWS

The Slider gives maximum usage of your window space with a horizontal movement of the window. The swing inward position allows for optimum ease of cleaning, full air movement and rapid emergency escape.

SLIDERS SWING INWARD

The slider has outstanding performance combined with beauty, energy efficiency and easy cleaning.

- The sliders heavy duty, multi-cavity construction increases structural strength and insulation.
- The Slider comes with full weather-stripping to prevent air infiltration.
- The Slider is made with 7/8" Insert, Dual Glazed Insulated glass and optional Tinted Glass or Low E Glass with Argon Gas.

- Each Slider window is custom manufactured to size requirements and is tested for air leakage before leaving the factory.
- Invest wisely and add to the value of your home. **KEL-EEZ Weather Protector™** Windows are custom manufactured for a tight energy efficient fit with styles and colors to compliment any home.

CASEMENT WINDOWS

KEL-EEZ Weather Protector™ All-weather Casement Windows are a proven design that meets the seasonal challenges of hot and cold climates extremes and unlike wood, there is never a need to paint and unlike aluminum and steel, there is never any corrosion or rusting.

KEL-EEZ® Casement Windows are maintenance free, high impact, solid color, rigid vinyl extrusions. Vinyl is washable with soap and water and requires little if any other maintenance, thus ensuring a lifetime of service.
